

ENVIRONMENTAL ADVISORY COUNCIL

TUESDAY, JANUARY 22, 2019

12:00 p.m.

Public Works

AGENDA

I. Call to Order

II. Public Comment

- Citizen participation is welcomed and assists the EAC in carrying out its duty “to propose and promote new environmental protection and sustainability initiatives among residents, businesses, governmental and nongovernmental agencies, and educational organizations through education and outreach programs.”
- A formal Public Comment period will be included on every EAC meeting agenda, and will generally occur at the beginning of the meeting. Members of the public may speak to matters on the agenda for the meeting or may bring other environmental issues to the attention of the EAC.
- To be fair to all who would like to comment, and provide for the orderly conduct of the meeting, citizens wishing to make public comment must register prior to the start of the scheduled meeting. All remarks must be directed to the EAC and not to any individual member or public or elected official in attendance.
- Citizens who register their interest in commenting at an EAC meeting in advance by contacting the EAC administrator (610-655-6204 or michelle.smith@readingpa.gov) a week before a public meeting will generally be provided five (5) minutes to share their thoughts. If EAC members choose to ask questions and discuss the topic, another five (5) minutes may be provided for that purpose, depending upon the number of commenters and the amount of business on the agenda.
- Citizens who attend a meeting and register their interest in speaking during the public comment period before the meeting begins will be given a limited opportunity to comment, if, in the sole discretion of the chair, the agenda can accommodate the requests of those seeking to participate.
- Any materials to be share must be distributed, or provided to the Chair, before the meeting is called to order.
- The EAC regularly invites members of the public or of the agencies of government to provide reports, updates on projects, and information about environmental matters that may affect the City of Reading. Such speakers are included on the agenda to address the EAC. Citizens may not question such speakers unless the Chair invites comments and questions in a question and answer period following the speaker’s remarks.

III. Administrative Matters

- Approval of minutes – November 27, 2018

IV. Reorganization

V. Planning Presentation – D. Hunter
